

Little Spoon will not formulate products with these ingredients or raw materials listing these ingredients on their specifications.

Ingredient	Function
2,4,5-trihydroxybutyrophenone (THBP)	Antioxidant
Acesulfame-K	Artificial sweetener
Activated charcoal	Coloring agent
Advantame	Artificial sweetener
Aluminum ammonium sulfate	Leavening agent
Aluminum potassium sulfate/ burnt alum	Leavening agent
Aluminum potassium sulfate/ potassium alum	Preservative
Aluminum starch octenylsuccinate	Binder
Ammonium aluminum sulfate/ ammonium alum	Preservative
Ammonium chloride	Leavening agent/ stabilizer
Artificial flavors	Artificial flavor
Aspartame	Artificial sweetener
Azodicarbonamide	Dough conditioner
Benzoic acid	Preservative
Benzyl Alcohol, synthetic	Flavor enhancer
Benzyl benzoate	Coloring agent
Beta-cyclodextrin	Preservative/ Flavor enhancer
Bromated flour	Dough conditioner
Butylated hydroxyanisole (BHA)	Preservative
Butylated hydroxytoluene (BHT)	Preservative
Butylene glycol	Flavor enhancer
Butylparaben	Preservative in synthetic flavoring
Caffeine	Stimulant
Calcium benzoate	Preservative
Calcium bromate	Dough conditioner
Calcium disodium EDTA	Preservative
Calcium peroxide	Bleaching agent/ dough conditioner

Ingredient	Function
Calcium sorbate	Preservative
Calcium stearoyl-2-lactylate	Emulsifier/ dough conditioner
Canthaxanthin	Coloring agent
Caramel color	Coloring agent
Carmine/ Cochineal Extract	Coloring agent
Certified Colors (FD&C)	Coloring agent
Cyclodextrin	Texture improver/ Encapsulation
Diacetyl tartaric acid ester of mono- and diglycerides (DATEM)	Emulsifier/ dough conditioner
Dimethyl silicone	Antifoaming agent
Dimethylpolysiloxane	Antifoaming agent
Dioctyl Sodium Sulfo succinate (DSS)	Emulsifier/ stabilizer
Disodium 5'-ribonucleotides	Flavor enhancer
Disodium guanylate	Flavor enhancer
Disodium inosinate	Flavor enhancer
Disodium succinate	Flavor enhancer
Dodecyl gallate	Preservative
Erythritol	Sugar alcohol
Erythrosine	Coloring agent
Ethyl vanillin	Artificial flavor
Ethylenediamine tetraacetic acid (EDTA)	Preservative
Gardenia blue	Coloring agent
Heptylparaben	Preservative
High fructose corn syrup	Sweetener
Hydrogenated oils/fats	Flavor enhancer/ stabilizer
Hydrolyzed protein	Flavor enhancer
Inosine monophosphate	Flavor enhancer
Iron oxide	Coloring agent
Isomalt	Sugar alcohol
L-cysteine	Dough conditioner
Lactic acid esters of monoglycerides	Emulsifier
Lactitol	Sugar alcohol

Ingredient	Function
Maltitol	Sugar alcohol
Mannitol	Sugar alcohol
Margarine	Butter substitute
Mechanically separated meat	Filler
Methyl silicon	Anticaking agent
Methylparaben	Preservative
Monoammonium glutamate	Flavor enhancer
Monopotassium glutamate	Flavor enhancer
Monosodium glutamate (MSG)	Flavor enhancer
Mycoprotein	Meat substitute
Neotame	Artificial sweetener
Octyl gallate	Antioxidant
Polydextrose	Bulking agent
Polyvinylpyrrolidone	Emulsifier/ stabilizer
Potassium benzoate	Preservative
Potassium bisulfite	Preservative
Potassium bromate	Dough conditioner
Potassium metabisulfate	Preservative
Potassium metabisulfite	Preservative
Potassium nitrate/nitrite	Preservative
Potassium propionate	Preservative
Potassium sorbate	Preservative
Propane-1,2-diol esters of fatty acids	Emulsifier
Propionic acid	Preservative
Propyl gallate	Preservative
Propylene glycol	Anticaking agent/ stabilizer
Propylparaben	Preservative
Saccharin	Artificial sweetener
Sodium acid sulfate	Flavor enhancer
Sodium aluminum phosphate	Leavening agent
Sodium aluminum sulfate/ sodium alum	Leavening agent
Sodium benzoate	Preservative

Ingredient	Function
Sodium bisulfite	Preservative
Sodium diacetate	Preservative
Sodium erythorbate	Preservative
Sodium lauryl sulfate	Emulsifier
Sodium metabisulfate	Preservative
Sodium metabisulfite	Preservative
Sodium nitrate/nitrite	Preservative
Sodium propionate	Preservative
Sodium sorbate	Preservative
Sodium stearoyl lactylate	Dough conditioner/ emulsifier
Sodium sulfite	Preservative
Sodium tripolyphosphate	Preservative
Sorbic acid	Preservative
Sorbitol	Sugar alcohol
Soy leghemoglobin	Flavor enhancer/ coloring agent in meat analogs
Stannous chloride	Preservative
Succinic acid	Flavoring agent
Succistearin	Emulsifier
Sucralose	Artificial sweetener
Sucroglycerides	Emulsifier
Sucrose acetate isobutyrate	Emulsifier/stabilizer
Sucrose esters	Emulsifier
Sulfur dioxide	Preservative
Titanium dioxide	Coloring agent
Tertiary butylhydroquinone (TBHQ)	Preservative
Tetrasodium EDTA	Preservative
Thiodipropionic acid	Preservative
Transglutaminase	Binder
Vanillin, synthetic	Artificial flavor
Xylitol	Sugar alcohol
